

## Personal Application and Group Interaction

### LAMENTATIONS

The Lord has done this devastation through the hand of wicked nations (Lamentations 1:5). Can you see the Lord being right in this (Lamentations 1:18)? What does this say about how God views the sin of His people?

Do you feel that the author of Lamentations speaks too harshly and can you explain your sentiment?

### EZEKIEL

If you had the warnings that Ezekiel gave, how do you think you would respond?

What is at the heart of the continued devastation of the people of God? What were the people's preferences? And so what is at the heart of your deserved devastation?

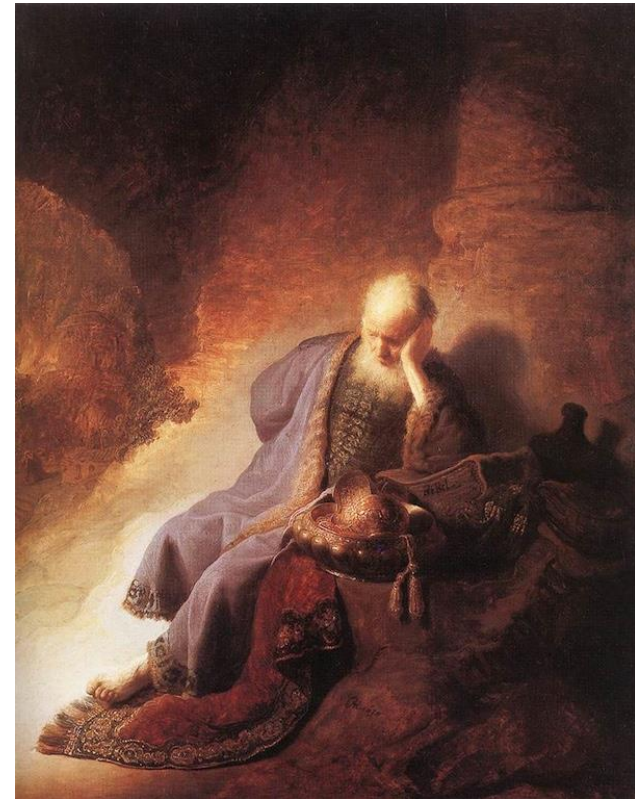

As awful as the devastation is, what is God making known?

Is it possible that you might personally struggle with the justice of God and how might that affect areas of your thinking and life?

**What can you say about the hope that is explained in Ezekiel for your life?**

### DANIEL

Daniel is the biggest example of how to live in the midst of horrible circumstances with grace. What insights do you glean from his amazing life for where God has placed you?

**“And They Shall Know  
That I Am the LORD”**

Ezekiel 5:13
